Chamber Chatter

By IRENE GROVE

It's everybody's business — keeping our city clean, beautiful, healthful and safe is not only good citizenship but good business.

It maintains and even improves real estate values; prevents fires and lowers insurance rates; cuts down on sick time lost; improves employees morale; improves vacant lots; develops community spirit; civic responsibility and respect for property.

It also increases business from those who prefer to do business with a clean, attractive, well organized community. It also encourages business to locate in such an advantageous area.

The full and wholeheaterd support by every single citizen of our town for the Clean Up — Paint Up — Fix Up campaign, we think, cannot fail to pay whacking dividends for all. Start now for Albany's Clean Up — Paint Up — Fix Up Week, June 5-9.

Remember your city officials have gone to a great deal of time and expense to provide home trash pick-up service next week. Read and follow the regulations that have been given you, carefully — Home pick up service only — follow the regulation on size, weight, and type of litter — put your pick-up trash on the curb the night before your regular garbage pick-up day.

A special cheer for all the fixing up and remodeling in process by progressive Albany business firms: Mechanics Bank, 1107 Solano, with its clean, spacious looking new interior and wall paneling is a real sign of progress. The very outstanding sign at Pursell's, 1111 Solano, is clean cut and modern, (new awnings to be added later). If you want to see the latest in color and modern design, stop by DuMont Dance Studios, 555 San Pablo Avenue. It is done in violet and black, with violet striped paper, violet walls, black wooden frame form hanging ceiling, fixtures, and very modern black and white lamps. Truly spectacular! Congratulations, Jerry! Banjoe's Pizza, formerly the Pizzetta, at 823 San Pablo, not only has a new name but a new look — very different, intimate cafe appearance with its old wine barrels, pictures and checkered tablecloths. There is entertainment music Wednesday through Saturday nights — wonderful spot to meet your friends. There is remodeling at the Ivy Room, 860 San Pablo Avenue, with new colors and fixtures — more about that and other projects later.

Delicious food to eat there or take out — at Bella Amo No. 2 (formerly MaMa's Pizza) at 811 San Pablo Avenue. This colorful and spaciou eating place is now open 24 hours a day for everyone's convenience. Owner Dwight Havens is planning a new enclosed meeting facility soon.

Albany has a shoe store — your Chamber of Commerce extends a sincere welcome to Karls' Shoes at 850 San Pablo Avenue, one of six to be opened in the Bay area. They offer dress styles, play shoes, and children's shoes,

Many Protests Heard On Plan to Change and Add to One-Way Streets

The following protest has been received from Bill Garren, owner of the Albany Theatre and for many years active in city affairs.

"Protests are being heard all around the central Solano Avenue and San Pablo area over the recent article in the Albany Times announcing the Albany Council's move to make changes in the traffic direction on Kains Avenue.

"The changes proposed by the council, passed and unanimously adopted at its Monday, May 22, meeting, reversing the one-way traffic on Kains to south, rather than north, and adding an additional one-way traffic designation on Stannage, were loudly, vehemently and unanimously condemned as positively unnecessary, and what's more, grossly detrimental to the business firms in this area, and that under no circumstances should be considered.

"Interviews with the several affected merchants brought varied comment. Those firms in the central block, north of Solano Avenue, bounded by Solano, San Pablo Avenue and Kains, were all opposed to any change in traffic direction on Kains, it having the only parking area on the north side and serving the large traffic of the Albany Theatre, must certainly have north bound traffic.

"Some merchants and property owners on the south side of Solano felt, naturally, that they would be benefited somewhat by a south bound Kains street control, but some added that local citizens now are using Kains, between Solano and Marin, for both north and south bound travel. One property owner, further east felt likewise that, to make Stannage north bound, would be highly detrimental to their properties.

"All merchants interviewed are agreed that the time has come to abandon one-way streets east of San Pablo Avenue. One merchant said, 'Traffic control and congestion — silly. What we businesses in Albany need is more traffic, more congestion at our stores, and less interference with traffic and business'.

"A petition is being circulated to be presented to the council Monday night asking the one-way street action at the council meeting last week be rescinded, and that the public hearing scheduled for the council meeting of June 5 be called off. It also asks the council to take action to end the one-way traffic on Kains, and the move taken to make Stannage also a one-way street, and return to two-way traffic.

"The petition suggests that, at peak hours — 7 a.m. to 10 a.m. and 4 to 6 p.m., and at the theatre from noon to 6 p.m. on Saturdays, that one side of the streets could be sign-posted, 'No stopping or parking during these hours', as is being done now in most large American cities. This method allows free flow of traffic in the day-time shopping periods.

"None of the merchants could understand how any question of SAFETY could be a possible problem under any survey or study, and that limited speed was all that need be enforced.

"It is planned by the firms in the area to ask the council to take steps looking toward increasing public off-street parking facilities adjacent to Solano Avenue, and improving by other means with lighting, etc., the climate for doing business in Albany. It is quite evident from vacancies that some speedy and drastic improvements are required if business is to be preesrved.

"Included in the parties interviewed were Pursell's Ladies' Shop, Famous Meat Market, Anns' Cafe, The Albany Theatre, Zinman's, Albany Pharmacy, Del Courtney's T.V., Century Music Store, George Bernard's Stationery, Dr. Robert Bacigalupi. Others have not yet reported. The action of the council came so suddenly and with such a shock to the business community."

Albany Legion To Entertain Berkeley Post

Army veterans of Albany Post No. 292 will be in charge of the program this Friday evening when the local post will have as its guests members of the Bates-Campanile Post No. 402 of Berkeley. The Berkeley Post Commander, Mickey Vaughn and his corps of officers, and all members of the Berkeley group have been sent invitations to the affair. There will be a cocktail hour, starting at 6:30 p.m., to be followed by a chicken dinner at 7:15. Chef Lee Jackson from Spenger's will supervise preparation of the dinner.

Following the dinner there will be an election of officers for the year. There will be no contest in the two top spots, with Frank McLaughlin, now first vice-commander, being moved up to commander, and Walter Ellis, second vice-commander, succeeding McLaughlin as first vice-commander.

The post of second vice-commander will be sought by three candidates: Robert Morgan, Fred McCollum and Ernest Johnson. Candidates for other offices include: Charels Lindh, Adjutant; James Robins, Finance; David Todd, Sergeant-at-arms; William B. Cooke and Walter L. Holland, Chaplain, and Alvin Drozda, Special Duty Officer.

There will be a vaudeville program, and the Post's Color Guard will hold open house in the rumpus room.

COUNCIL FACING MANY PROBLEMS

This week's meeting of the Albany City Council faced many disturbing problems.

On Monday night's agenda was an ordinance regulating use of the city dump, and restricting its use entirely to dumping "clean fill" until the area can be placed in shape for general use, which will require several months.

Action in the addition of two streets to one-way traffic and the reversal of present one-way traffic on Kains Avenue were to be discussed with the likelihood of a postponement of the public hearing on the matter, scheduled for June 5, to some later date. City Engineer James Turner had submitted a request for further study on the subject, and a protest was scheduled to be filed by merchants in the area affected asking for abandonment of the plan altogether.

Favorable action by the U. C. Board of Regents on the Marin-Buchanan proposal for the relinquishment of a "V" plot of several acres at the southwest corner of the Buchanan intersection was expected from Los Angeles where the board held a meeting last week. An unofficial report indicated the action of the board was favorable.

A letter from former Mayor Jerome Blank was received too late for action at last week's council meeting, but was included on Monday's agenda, in which Blank urged the council to go on record in protest against the state legislature's re-apportionment plan, recently passed, and which would eliminate the Eighteenth Assembly District, which includes Albany.

Other matters to come before the council included a discussion on repairs to the city jail; further action on the Tidelands, and matters connected with the Hill area Assessment District No. 3.

Northbrae Club To Hold Second Polio Clinic

The Northbrae Junior Women's Club, in cooperation with the National Foundation and the Berkeley Department of Public Health, is planning its second polio clinic. All those who have received fewer than three shots are urged to complete the series as soon as possible. A fourth booster is also recommended. All age groups may be immunized at this clinic.

Time: Thursday, June 1, 5:00 to 9:00 p.m.

Place: Washington School cafeteria, 2200 Grove Street, Berkeley.

Charge: $1.00 per shot.

Health Chairman: Mrs. Willia Pharaoh, Mrs. Donovan Boyer assisting.

The first polio clinic was held April 20, and it is urged that those who received their first, second or third shots at that time will return for the follow-up injection. In a few months the polio season will be at its height and, according to Good Housekeeping magazine, "in the big-risk group that accounts for almost half of all paralytic cases (children from birth to five years of age), 38 per cent, or 8 million children, are inadequately covered — i.e., have received fewer than three shots. Of these, 20 per cent, or over four million children — have received no shots at all".

FIVE DROPS CAN SAVE A LIFE!

Oakland's Jeanette Voss runs a bird hospital. In one respect birds are much like people. The water they drink must be unquestionably pure.

Your EBMUD water qualifies. It's constantly being watched, tested, filtered. In fact, EBMUD is the only 100% filtered metropolitan water system west of the Mississippi.

The result? Pure, safe water that far exceeds standards set by U.S. Department of Health. Water that people (and birds) *like* to drink.

Rate Cut For Mercury Vapor Street Lights

Lower rates have gone into effect for mercury vapor street lights, Pacific Gas and Electric Company Vice President and General Manager S. L. Sibley announced today.

Mercury vapor lights are in use in hundreds of cities and towns in PG&E's northern and central California service territory.

The rate reduction follows approval by the California Public Utilities Commission of a PG&E request filed April 12.

The new lower rates for mercury vapor lights will reduce PG&E revnue by an estimated $71,000 annuallly, Sibley said.

The rate reduction is possible because mercury vapor equipment now is less expensive and more efficient and because rated lamp life has increased, Sibley said.

In some communities PG&E supplies the electric energy and switching service for a city system. In other communities PG&E supplies energy and switching service and also maintains lamps and glassware. In still others, PG&E owns and maintains the entire street lighting system.

'Vision' Photo Contest Open To Calif. Residents

Alameda - Contra Costa Counties area sponsorship of a statewide optometric "Vision" photo contest, open to all California residents, was announced today by Dr. Sigmund D. Sabin of Berkeley, President of the Alameda - Contra Costa Counties Optometric Society.

The contest, being conducted under the statewide supervision of the California Optometric Association, is planned to show the importance of vision and its proper use, care, and protection in our daily life, Dr. Sabin said.

The contest will continue through June. No entry fee is required, but all entries must be postmarked not later than June 30, he added.

A total of $600 in prize money will be available. Awards will be made in two classes, black-and-white prints and color slides or transparencies. Prizes of $100, $50 and $25 will be given for the best, second best, and third best entries respectively in each class, together with a large number of $10 prizes for "honorable mention" entries.

Dr. Sabin emphasized that prints and slides should show why vision is important, as opposed to showing merely what can be seen with proper vision.

Further detailed information can be obtained by writing or calling the Society's office, 534-20th Street, Oakland, telephone HIgate 4-1469.

MORE AMERICANS ARE INJURED EACH YEAR IN AUTO ACCIDENTS THAN WERE INJURED IN BOTH WORLD WAR II AND KOREA COMBINED

It's a fact: 774,230 American servicemen injured in the last two wars. And yet, over 1 *million* auto injuries are reported each year! Good reason for car insurance coverage against costly accidents. More and more careful drivers are insuring with State Farm and enjoying complete car insurance protection, plus "Hometown Claim Service" wherever they drive. Contact me today.

CHRISTIAN SCIENCE

"God the Only Cause and Creator" is the subject of the Lesson-Sermon to be heard at all Christian Science churches Sunday.

Readings from the King James Version of the Bible will include this verse from Revelation (4): "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created."

One of the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 207): "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause."

The Golden Text is from Psalm 72: "Blessed be the Lord God, the God of Israel, who only doeth wondrous things."

Christian Science Society of Albany meets at 533 San Pablo Avenue. Sunday morning services are held at 11 a.m. and Wednesday evening meetings are held at 8 p.m. The Sunday School convenes every Sunday morning at 11 o'clock. All are most cordially invited to come to the Sunday morning and Wednesday services and to send their children to the Sunday School.

Braves Still Lead First Half in Little League

The Braves with but one loss and seven wins are a virtual cinch to take first half honors in the Albany Little League. The Braves have taken all that any opposition has had to offer and handled it with ease. They have set their goal to wrap up the second half, to walk off with their second straight championship. The Braves "Terrific Trio", Tim DeCaminada, John Kister and Paul Mann, have been the standouts of the league and lead the Braves to victory time and time again.

The Giants managed to share in the glory dominated by the Braves, as they defeated the Dodgers 1-0 in a nine inning thriller. Bob Inserra fashioned a no-hit, no-run regulation six innings and was aptly relieved by Frank Ryken for the final three stanzas. Ryken scored the winning run. Dodger pitchers Roger Reynolds and John Woody pitched superb ball for the losers.

Thursday night the Braves made it number seven when they took the Pirates 10-0. Paul Mann hit a tremendous home run, one of the longest in Little League. Tim DeCamanida was the winning pitcher.

American League scores were Call Brothers Yankees 12, Ellis Olson Athletics 8; Sam's Pharmacy Tigers 28, Flowerland. Senators 8; Jim Woulfe Ford White Sox 12, East Bay Chevrolet Twins 11.

World War I Vets Being Registered

Veterans of World War I of the U.S.A. are engaged in a registration drive throughout California in connection with a new pension bill which was introduced in the House of Representatives earlier this year.

The bill by Congressman Winfield Denton of Indiana would grant a 30 per cent pension increase to those who qualify — a a separate bill devoted exclusively to World War I veterans.

Veterans are requested to send their names, addresses and armed forces serial numbers to the Veterans of World Kar I, Veteran's Memorial Building, 1931 Center Street, Berkeley, or Lloyd Sims, 1812 Virginia St., Berkeley.

State Senate Passes Bill On Athletic Insurance

The State Senate has passed a bill requiring insurance coverage for school athletes for accidental death and medical and hospital expenses.

"Oddly enough, many schools have been quite willing and able to pay for athletic equipment and facilities, but unwilling to provide even minimum protection for the inevitable expenses resulting from accidents involving their athletes," Senator Holmdahl said.

"This bill will assure school athletes and their parents or survivors of significant protection should the students be killed or injured while being transported to and from athletic contests," Senator Holmdahl concluded.

The bill requires that University and State College students have at least $5,000 accidental death and $1,000 medical and hospital expense coverage. Other public school students would be covered by a $1500 minimum protection in both categories.

The bill has been sent to the Assembly for its action.
